REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

W. S. Sandel Elementary takes pride in being a culturally diverse school of 570 students that celebrate 6 different ethnic groups in our English as a Second Language (ESL) program. Our certified staff continues to focus on professional growth and development as we maintain a 100% highly qualified instructional staff.

In keeping with our mission to prepare every student to be successful contributing citizens, our focus continues to be on all the components of literacy and the improvement of all the mathematical concepts. The process used to monitor instructional delivery and student learning includes the Cycle of Continuous Improvement (PDCA), data teams and literacy teams. We utilized the district common assessment results, MAP assessments and PASS data to determine the instructional needs of the students in grades 3-5. InView, CogAT, Dominie, EISA, ELDA and the district Math Assessment are used to determine the instructional needs of students in grades PreK-2. To assist with addressing gaps in the curriculum and to identify students and their skill levels, TargetTeach provides five steps to curriculum alignment that include strategies, resources, tasks, and reports. Response to Intervention is another process used to address the different tiers of student performance. MAP testing, STAR Reading and Math Inventory and SuccessMaker are used to monitor students' progress. Student gains are celebrated at the end of each assessment cycle.

Other programs designed to assist students is the after school Comprehensive Remediation Program (CRP), SuccessMaker Lab for grades 3-5, Leveled Literacy Library, Think Central Math, and Accelerated Reading and Math computer assisted programs. These programs provide students with individual levels of practice in the core subject areas. SCE&G in partnership with SC Chamber of Commerce sponsors a Homework Center to meet the needs of students in grades 2 and 3 who do not qualify for the district's after-school tutorial program. The Reading Teacher and Math Interventionist also provide instruction to targeted students in one-to-one and small group instruction utilizing the Leveled Literacy program and Harcourt Math Intensive Intervention program. Partnering with the Midlands Reading Consortium (MRC) has provided one-to-one support to students in K-2 and ATA funds supports part-time staffing of school day tutors that focuses exclusively on students not meeting standards in reading and math.

The initiation of three school wide reading programs; "Reading World Series", "Read to Lead a Better Life" and "Red Carpet Reading Review" kept students reading year round and pushed overall school goal to 84% accuracy based on AR goals. Low scores in students math performance has presented a challenge and is requiring that we balance our focus to incorporate more math initiatives.

Additional programs and incentives that promote parent involvement in our learning community increased parent engagement by another 5% based on sign-in sheets, phone calls, email contacts, texting and home visits. We believe that together we can accomplish the school and district goals to ensure optimum students' performance for a promising future.
